Meet Muffin: A Brave Survivor in Search of Her Forever Home

Muffin's journey began in December 2023 when she was born alongside seven siblings in a dog colony at a construction site in Doha (Qatar). Their mother, Lea, who is also with me and waiting for her forever home, cared for them as best she could.

But tragedy struck on 20th March 2024. Heartless individuals attacked the colony, injuring four adults and taking the lives of three of Muffin's siblings. The five surviving puppies were moved to safety.

Muffin and her sister Lovely were placed in foster homes, while their three brothers went to boarding. As holidays approached, the foster families had to leave Qatar, and Muffin and Lovely were reunited with their brothers in boarding. Since then, Muffin has been waiting for her chance at a loving home. Her brothers have found happiness in the Philippines, and just three weeks ago, Lovely flew to the Netherlands to join her forever family as well. Now, Muffin is the last of her siblings still waiting for her second chance.

Muffin is a sweet, playful, and sociable girl who gets along well with other dogs. She has endured so much, but her spirit remains unbroken. Muffin deserves a home where she can feel safe and loved.
