- **Training:** Litter Trained
- **Good With:** People. Can fight with other cats.
- **Status:** In boarding

Summary

- This beautiful Persian cat was found abandoned on the streets, struggling to survive on his own. As a pet cat, he was never meant to live outside and did not have the skills needed to survive in such harsh conditions. Despite everything he has been through, he remains gentle and loving. He is now safe and looking for a forever home where he can finally receive the care, comfort, and love he deserves.
